Head of School – Mrs Sarah Robinson

Monday 11th January 2021

Home learning expectations and support

We have been working on a plan to ensure we are meeting the expectations from the government as well as meeting the needs our families. Our aim is to make home learning manageable, flexible, and enriching. Pupils who are working from home will have the opportunity to access the same lessons as those pupils in school.

Each day your child will need to access Google Classrooms where there will be a folder of daily lessons and activities (maths, reading, writing and spelling). Once the activities are completed, please upload so that the teacher can assess the work and use this to plan for further learning. These lessons will be available for a week and then removed ready for the next weeks learning.

Lots of the lessons will be supported by video clips. From the feedback so far, parents are saying that these are easier to use.

There will also be an enrichment folder which will have weekly science lessons as well as other projects including art., PE, DT, RE and fun stuff etc. These activities are there for you to choose from to suit your child's interests or as a motivator to complete the daily lessons. They are not compulsory. Teachers will assess work from this folder once a week.

Teachers will be available every afternoon to provide home learning support. Please contact them via Google Classrooms.

And remember you are doing an amazing job.

Stay Safe
